Urdu Press Welcomes Mahatma's Release

League Organs Expect "Important Political Repercussions"

The Urdu Press has wholeheartedly welcomed Gandhi's release and hopes that this will be a prelude to the solution of political deadlock on the basis of Congress-League unity. The 'Asr-i-Jadid', a Muslim League daily from Calcutta, writes on May 7.

"We congratulate Gandhi and our countrymen on his release. Every section of the Indian people will be happy on his release. Whatever his attitude towards the Muslims, Gandhi, after all, is the greatest leader of our country."

Commenting on the statements of League Leaders from Sind and Madras the 'Anquiliab' the daily of Bombay says:

"The statements of Muslim League leaders on Gandhi's release show the anxiety on the part of the Muslims for Congress-League unity. They are anxiously waiting for the negotiations. They all hope that immediately after his recovery, Gandhi will take the initiative and settle the matters with the League and thus end the political career of the traitors. We hope that Gandhi will chalk out his future line of action in the light of these statements. Let him know that Muslims too, like the Hindus, are looking towards him. There is only one stumbling block in the way of settlement. If Gandhi removes it and accept the right of self-determination of the Hindus, Muslims and Muslims will unite immediately."

UNITE TO FIGHT JAPS.

The 'Zamindar' of Lahore congratulates Gandhi on his "release with honour" and wishes him a "speedy recovery." It appeals to the Government to release other Congress leaders also, so that "All-India organisations should unite and fight the Japanese."

It may be recalled that the 'Zamindar' called upon the Government to release Gandhi immediately in view of his serious illness (May 7).

Most significant of all is the comment of 'Manushoor', a weekly journal from Delhi whose patron is Mr. Jinnah.

Mr. Gandhi's release is welcome news. It writes: "His release may have important political repercussions. There is no doubt that if Mr. Gandhi considers Congress-League settlement his primary duty, then India will achieve her freedom much sooner. Now the initiative lies in Mr. Gandhi's hands, and he can easily create conditions in which the Government could not put forward any excuse for its refusal to give India freedom, especially when Mr. Jinnah is prepared to make every effort to achieve Hindu-Muslim unity and India's freedom."

The 'Ansari', a nationalist daily of Delhi, welcoming Gandhi's release, appeals to Government to release other Congress leaders also.

To-day when the enemy has crossed the eastern doors of India, it is imperative to release these leaders so that they can fight this common enemy that is advancing towards India."

CO-OPERATION NEEDED.

The 'Hind', a nationalist daily of Calcutta which has often bitterly attacked the League in the past, welcoming Gandhi's release says:

"Now that Gandhi's release, time has come when first of all an attempt for Congress-League settlement must be made. We are confident that Congress and League will endorse every settlement reached between Jinnah and Gandhi. But it is evident that Mr. Jinnah will not agree to any formula which does not accept the right of self-determination of the Muslims, in other words Pakistan. Congress has already accepted this right on principle. Therefore, Gandhi can easily negotiate with Mr. Jinnah on the basis of Pakistan."

JINNAH SHOULD GIVE UP OBSTINACY.

The 'Ajmal', a nationalist daily of Bombay rightly says: "In his recovery, Gandhi will wholeheartedly plunge into the political life of the country. He will take up two issues first: Refutation of Government's baseless charges regarding the alleged Pro-Japanese activities of Congress and Hindu-Muslim unity. Gandhi was very much hurt by this baseless charge."

Regarding Hindu-Muslim unity it says:

It is well-known that had he not been arrested, Gandhi would have seen Mr. Jinnah. We hope that Mr. Jinnah will give up his uncalculated obstinacy, and make for proper changes in his attitude to come to terms with the Congress."

POST-WAR AVIATION AGREEMENTS

American Senators Surprised At Beaverbrook's Statements

NEW YORK, May 16: The New York 'Times' said to-day that the United States Assistant Secretary of State, Mr. Adolf Berle, and Senators Joseph W. Bailey and Bennett Champ Clark of the Commerce Committee have been surprised by reports from London of Lord Beaverbrook's statements on post-war aviation agreements in the House of Lords on Thursday.

Both the Senators have written to the United States Secretary of State, Mr. Cordell Hull, asking for transcripts of Lord Beaverbrook's remarks, the newspaper stated, and Mr. Berle has cabled to London for a copy.

"Senator Clark stating that he was embarrassed by the situation added that he did not think there is a single member of the Senate who would vote for legislation authorising any one of the statements reported in stories from London."

Senator Tom Connally, Chairman of the Foreign Relations Committee, said: "There is no such pact or agreement."—Reuter.

State Capitalism In Australia

SYDNEY, May 16: Nationalisation of Australian Industries, from 1916 to including all banks and all forms of insurance and control of big monopolies, was urged by the Australian Transport Minister Mr. Edward yesterday.

Speaking in support of the Labour Candidate in the coming New South Wales elections, Mr. E. Ward said: "I believe that industry should be completely under the control of the Commonwealth Government. I know that all my colleagues do not agree with my views but I believe that many of them are changing their opinions and that they realise that there will be no kid gloves in dealing with vested interests."—Reuter.

BOMBAY F. S. U. ELECTS DELEGATES TO A. I. CONGRESS

Over two hundred members attended the General Body meeting of the Bombay F. S. U. convened at the Blavatsky Lodge on Monday evening, when Dr. R. Naidu presided. A brief report on the forthcoming All-India F. S. U. Congress was given by Mr. R. M. Jambhekar, General Secretary of the Bombay F. S. U. Dr. R. Naidu, Vice-President of the F. S. U., then moved the following resolution:

"On the eve of the first All-India Congress of the Friends of the Soviet Union, this meeting sends its warm greetings to you the people and the Red Army of the Soviet Union, our great neighbour and friend."

"Fighting single-handed you have crippled and hurled back the Fascist invader beyond the frontier of your socialist motherland; and now Stalin has pledged himself on your behalf to march forward to liberate the peoples of Europe by annihilating the enemy of his kind."

"Smashing the Fascist dream of world domination you have provided the peoples of the world an opportunity to take their destinies in their own hands."

"The unconquerable unity of all the nations of your land, your conquests of death and your defiant heroism in the cause of liberty and civilisation have inspired our people to march forward in union to our cherished goal. With Gandhi once again in the front, we march forward confidently to the day when a National Government will be established and will give the call to fall in with you and the peoples of the United Nations for the defence and liberation of our land and the liberation of the world."

Sri R. M. Jambhekar supported the resolution which was carried unanimously.

Sri Shashi Mohan Bakaya, Joint Secretary, Bombay F. S. U. then presided over the panel of 31 delegates for the A. I. F. S. U. Congress, chosen by the Executive Committee. This panel, seconded by K. Narayanan was unanimously accepted by the meeting.

Prominent among the delegates are Sri S. A. Breli, Dr. R. Naidu, Mrs. A. J. Wadia, Srimati Sunalini Devi, Srimati Suhagini Jambhekar and others.

Chief Presidency Magistrate's Strictures Against Police

BOMBAY, Tuesday.

"It is monstrous and no longer tolerable" remarked the Chief Presidency Magistrate to-day, when he criticised the action of the police in first opposing an application for bail and then releasing two suspects without reference to the court.

This criticism came about in the Old Hanuman Lane 'pedhi' murder case which came up today.

Last month a 'pedhi' in Old Hanuman Lane was broken into and a sugar cane juice vendor who slept in the passage in front of the 'pedhi' was murdered.

When the police came on the scene, they found Maruthi Gopal, a servant of the 'pedhi' sagged and tied up. Maruthi Gopal was subsequently arrested on suspicion of being an accomplice in the theft and murder. The arrested man later made a statement implicating Balu Hari and Mathuradas Hariram.

When the two men were placed before the court, they asked the police to oppose their application for bail and they were ordered to be remanded into custody.

Today when the three arrested persons were placed before the court, the police applied for the continuation of their detention in police custody and the "extension of the bail period" granted to the two other suspects as the police stated that there was nothing against them except Maruthi's bare statement.

The Magistrate in granting the application objected to the way in which the Police had conducted the affair and remarked that he would report the matter to the Police Commissioner.

Tilak Maharashtra Vidyapith Appeals For Funds

POONA, May 16.

The basic educational experiment, based on some principles originally enunciated by Mahatma Gandhi in his educational scheme has been carried out by the Tilak Maharashtra Vidyapith for the last four years.

The Basic Education Committee of the Vidyapith maintain that the experiment shows all signs of being a success, contrary to some reports that the Basic Educational System as such has been a failure.

The Vidyapith will continue to run its two schools near Poona and appeal to its friends and sympathisers to come forward with liberal help to enable it to collect the sum of Rs. 10,000 required during this year.—A. P.

Salt Industry In Jafra

JAFRA, a port situated on the south coast of Kathiawar is one of the salt-producing centres in that district. Here salt was being manufactured for centuries by primitive and crude methods.

Looking to the vast potentialities of the development of the salt industry in this district, the "Dilawar Syndicate" of Kathiawar has undertaken to manufacture salt on scientific lines by mechanical methods and has been producing salt on mass scale since last year.

The Company has given employment to 2,000 villagers by utilizing four miles of waste land.

Deaths In Calcutta

CALCUTTA, May 16.

The total number of deaths in the city during the week ending May 13, 1944, was 1,176 from 1,169 in the previous week, according to the statistics of the Calcutta corporation.

Attacks of and deaths due to small-pox registered a fall of 62 and 33 from the previous week's figures of 375 and 320, respectively.

Figures for other main diseases during these two weeks were as follows: cholera 100 deaths, against 98, malaria 33 deaths against 47.—A. P.

SIR HURKISONDAS NURROTUMDAS HOSPITAL

Sheth Devkaran Mulji Pathology Department

The need for provision for routine Laboratory investigations for the poor sick had long been felt by the authorities of the Sir Hurkisondas Nurrotumdas Hospital. Owing to a munificent donation of Rs. 2 lacs from the trustees of the Devkaran Mulji Charities it has been possible to open such a clinical laboratory which will undertake these investigations in the case of the sick poor without distinction of caste or creed.

A minimum fee will be payable for each such examination so as to cover a part of the recurring expenditure. This fee will be waived in case of indigent persons at the discretion of the Hospital authorities.

The Department will be opened by Sir Purshotamdas Thakurdas on Saturday next.

Late Mr. Dadyburjor

Mr. Jehangir B. Chiniwala has been appointed the honorary secretary of the J. N. Petit Institute (Library) in place of Mr. S. Dadyburjor who died last month. The appointment was made by the Managing Committee of the Institute and a notice to this effect was put up at the Institute.

At a general meeting of the members of the Institute held at its premises at Hornby Road on Tuesday evening, to mourn the loss of the late Mr. Dadyburjor a question was raised by a member about the constitutionality of the new secretary's appointment. Sir Byramji Jijiboy who presided replied that the appointment was quite legal.

Sir Byramji then eulogised the services rendered by the late Mr. Dadyburjor to the Institute and paid glowing tributes to the singleness of purpose and sincerity with which the deceased had served the Institute. He cited various instances of his honesty and said that he had saved lots of money to the library by looking after its affairs.

A condolence resolution was then passed unanimously, all standing.

under, presumably because no other specific charge could be urged against him. With a view to ending the war and to settle the case against him was withdrawn but immediately after his release in April last he was arrested under the D.I. Rule 129 and has since been detained without any trial, although there is no shred of evidence against him. It is said that there was a try to find some relief for the families in distress of persons who had been jailed with or without a trial. But surely this is no offence. If he is suspected because of such relief work it is both cruelty and gross injustice to the many distressed persons as well as to the relief workers. It is well known that where some years ago there was severe distress in Kanara District this is a result of floods, Mr. Gulvadi, the yeoman's service in organising relief, to some extent in co-operation with officials. There is now a result of unprecedented good scarcity and many released Congress workers have, immediately after release rightly devoted themselves to relief work including growing more food and the spread of hand-mill grinding. There are Kanara, Mr. Gulvadi, too, if released, would immediately join his co-workers. More pitiable is the case of

Good News From China

The inaugural meeting of the Indian National Theatre held at the Convention Hall of the Bombay University last week is but one sign of the new cultural renaissance movement. The National Theatre is a part of the awakening that has come over the country as the result of its travails, and it is a part of the life of the last twenty-five years, has opened up the vista of India's cultural heritage. It has thrown up new forces in the different aspects of national regeneration. Historically, the people of India have not been a warlike people. Their life was a pursuit of knowledge and art. The temples and the theatre were part of their existence and were developed to a very high degree of perfection. But with the advent of the degeneration which set in with the advent of political subjection and social decay, the heritage that was the life of the nation gradually disintegrates. It pulsates through the people day by day has naturally given a long-continued impetus to the national movement. Mrs. Kamaladevi, who inaugurated this movement, did not exaggerate when she declared that the birth of a nation was not the result of the truth or power of destruction but by its cultural heritage and its contribution to cultural development.

Assuredly, India has every reason to be proud of. We hope to appeal to the Bombay Municipality to give a lead to the country by establishing a national theatre—the theatre of the people and for the people. We need not a theatre, but a theatre that is a

to be based on the "Bombay Plan" and that the Government would thank you if you would spare some space for the following few lines on the subject of post-war planning.

I am an engineer. I am concerned with the preparation of post-war reconstruction plans of the Government of India. Of course, these are not yet out; but one can get a fair idea of what they are. I think you know how they are being prepared. The Government of Bombay have taken up the preparation of post-war plans. They have secured a supply of cheap electric power by means of hydro-electric and thermal electric power stations. Such a substantial part of the post-war reconstruction being handled by a committee of a number of experts who may have had at least some experience in the engineering of Bombay. The Government could have sought the assistance of bodies like the Institution of Electrical Engineers and Institution of Mechanical Engineers branches. But this thinking was not entrusted to a person whose sole claim to the knowledge of electrical engineering is that he happened to be a chief sales manager of a Bombay-based British electrical manufacturing firm. Some years ago. For the last fifteen years, he has occupied a high Government post. He has had no contact with electrical engineering. What can we expect to find in plans prepared by such a person who has no knowledge of the figures collected from here and there without any substantial investigations of the problems? This is an attempt at planning on an academic basis of little or no practical worth.

M. V. PANT VAIDYA.

From December 1, 1943, to April 1944, the Central Government sent to Calcutta 340,000 tons of all types of foodgrains, including rice, for undertaking to supply a total of 640,000 tons during the thirteen months between April 1, 1943, and the end of 1944, to feed Calcutta and Greater Calcutta.

The revised basic plan and the preliminary *kharif* plan more than two million tons of foodgrains were distributed to supply a deficit of 100,000 tons to the Defence Service since July 15, 1943. The principal deficit areas are Bihar, Orissa, Madras, Cochin and Madras receiving 780,000; 376,000; 232,000 and 2,40,000 tons respectively. Under the preliminary *rabi* plan for 1944-45 the quotas planned for distribution are 1,000,000 tons to Orissa, 1,000,000 tons to Bihar, 1,000,000 tons to Madras, including imports and including certain old crop balances are: wheat 2,000,000 gram 232,000 and barley 2,000,000 gram 232,000.

Post-War Schemes For Bihar

PATNA, May 15: One of the salient features of the post-war reconstruction plan in Bihar, the first progress report of which has been just published, is the contemplated improvement in the Bihar Grid scheme and the projected some valley power development scheme to be known as the Richard power scheme.

The new scheme, if successfully developed would cope the way to vast industrial and agricultural development of the province by taking available cheap electrical power.

The Grid scheme aims at utilising very low grades of coal for the colliery site for power generation purposes. The scheme is estimated to cost roughly Rs. 441 lakhs and Rs. 533 lakhs and is intended to be self supporting taken as a whole.—A. P.

The Half-Column "Dim"

While a certain amount of credit has been given in certain quarters to Lord Wavell for the release of Mahatma Gandhi, our Gestapo reports indicate that if credit is to be given, Sir John Colville must also claim a definite share. When the story can one day be told, it will be revealed how near the Mahatma was to obtain his release during the days of his last. It must be said in fairness to Lord Linlithgow that had his hands been free, the Mahatma might have been released then. But Whitehall would not budge. How different might have been the history of the last months had another man been in India Office.

Sometime ago there came into vogue in England the craze for FAMOUS LAST WORDS. These were not really last words, for those to whom they were attributed were still living. The object was rather to visualize or prophesy what well-known persons would say as their last words. Nor is this to be taken too seriously. As from today, from time to time, the Half Column will give you its own idea of FAMOUS LAST WORDS. The idea is to produce stuff in the style of Cardinal Wolsey who said: "If I had served my God...." So here goes.

FAMOUS LAST WORDS
The Aga Khan: "The Germans were hard on my heels all the way. They got my Rolls Royce near the frontier...."

Military Govt. To Be Established In Germany

Likely To Be One As In Italy, Says McCloy

WASHINGTON, May 15.
The Assistant Secretary Mr. John R. McCloy said on Monday that a Military Government similar to that in Italy will be established in Germany. He emphasised that the co-operation of inhabitants of Occupied Countries will be accepted where it meets with military approval. Invading armies, he said, would depend on co-operation rather than on force in friendly countries such as France where no Military Government was planned although it might be necessary to establish temporary military zones.—Reuter

MAY LIMIT FREEDOM OF PEOPLE

Canadian Premier's Opinion About Inter-Commonwealth Consultations

LONDON, May 15.
Reuter learns that the Australian Prime Minister Mr. John Curtin intends to reply to Mr. Mackenzie King's recommendation for Inter-Commonwealth consultations made in his address to members of both the Houses of Parliament last week.

Mr. Mackenzie King on that occasion said that he believed in close consultation and co-operation and effective coordination of policies, but in considering new methods of organization we cannot be too careful to see that to our own people new methods will not appear as an attempt to limit their freedom of decision, or to peoples outside the Commonwealth as an attempt to establish a separate bloc.

Mr. Curtin's reply may take the form of a considered statement issued by himself.

MORE TRIBUTES TO Godrej

28th April, 1944.
M/s. Godrej & Boyce Mfg. Co., Ltd.,
Lalbaug, Parel, Bombay.

Dear Sirs,

Your Safe about 28" high, owned by us, was razed to the ground by the catastrophic explosive fire and remained in intense fire for a long time. On having the safe opened by you it is found that it withstood the monster fire admirably, and our valuable ornaments, notes, etc. were recovered intact from the safe. It gives us pleasure to give this certificate and to tender our congratulations.

Yours faithfully,

Dear Sirs,

This is to certify that one Godrej Safe 'C' quality which we had purchased from you 35 years ago was caught in fire due to explosion on 14-4-44, and the safe was still burning since last 15 days, and fell down from the fifth storey of the building at 309, Nani, Natha Street, Mandvi. All our belongings and documents were found safe and intact at the time of opening of the safe. I am glad and thankful to your safe.

Yours faithfully,

M/s. Godrej & Boyce Mfg. Co., Ltd.,
Lalbaug, Parel, Bombay.

Dear Sirs,

In the devastation caused on account of the terrific explosion followed by intense fire such as have never been seen in Bombay, our office premises at Dana Bunder collapsed and brought down with it two of our Godrej Safes which were on the 3rd floor. These Safes were nearly 30 years old, and they could not be removed from the hot debris till on the tenth day. Realising fully well that a safe like any other thing has its own limitations, we were fully prepared for the destruction of our valuable documents, insurance policies, ornaments and currency notes, which were in the safes. We were therefore over-joyed when on opening the safes in your factory we saw that all our valuable belongings in the safes had remained in a condition which has to be seen to be believed. The papers were no doubt darkened by the intense fire, but beyond that the numbers and text, etc. on them were clearly visible, and our ornaments came out intact.

We cannot express to you sufficiently our gratitude and we wish your firm ever increasing prosperity in your valuable work.

Yours faithfully,

GODREJ hold a long record of resistance against fire and burglars. To their prized possession of innumerable tributes are now being added many further proofs of gratitude: Here are some more of the heroic accounts rendered by GODREJ SAFES during the conflagration that blazed after the recent ammunition explosions in Bombay. And no safe-maker could have expected these stalwarts to succeed in saving their valuable contents in such an unprepared for emergency that baffles the imagination: days and days against the fury of relentless tongues of fire—battering falls—the soaking heat of the engulfing debris of buildings burnt down, without any effective help from fire-engines.

For safe-custody of vital papers and other valuables, the importance of reliable security equipment cannot be overstressed. Governments, banks, business houses and the public throughout India specify "Godrej", because they know that better protection cannot be obtained.

WARNING!

IF YOU WOULD NOT TAKE CHANCES AGAINST THE RECOVERY OF YOUR VALUABLES FROM INSIDE YOUR SAFE—AFTER IT IS FREED FROM ITS ORDEAL—THEN GET IT ATTENDED TO AND OPENED BY GODREJ. NOT RARELY HAS A WOULD-BE LOSS BEEN TURNED TO GOOD ACCOUNT BY EXPERT HANDLING; AND GODREJ HAVE THE REQUISITE KNOWLEDGE AND EXPERIENCE.

BOMBAY MUNICIPALITY
NOTICE

SEVERAL BUILDINGS in the
area described below were tem-
porarily evacuated after the ex-
plosions and fires that occurred
on FRIDAY, the 14th April, 1944.
Many of them have been allowed
to be occupied after inspection by
the Municipal Engineers to avoid
inconvenience and hardships to
tenants. It is however desirable
that all these buildings are thor-
oughly examined by the owners
through their licensed Surveyors
without any delay as monsoon is
fast approaching.

All the house owners in this
area are therefore requested to do
the needful and submit copies of
their Surveyor's report to the City
Engineer, Bombay Municipality, to
enable measures of safety being
taken in time if the same are
found necessary.

WAKE UP YOUR
LIVER BILE—

Without Calomel—And You'll Jump Out
of Bed Full of Vim and Vigor.

Your liver should pour out two pints
of bile into your bowels daily. If this
bile is not flowing freely, your food doesn't di-
gest. It just decays in the bowels. Gas bloats
you, your stomach, you get constipated.
Your whole system is poisoned and you
feel sour, sunk and the world looks punk.

A mere bowel movement doesn't get at
the cause. It takes those famous Carter's
Little Liver Pills to get these two pints of
bile flowing freely and make you feel "up
and up". Harmless, gentle, yet amazing in
making bile flow freely. Look for the name
Carter's Little Liver Pills on the red pack-
age. Refuse anything else.
